

4th June 2026

Dear parents and carers

RE: KS2 Reading Together Event, 19th June 2026

We are pleased to let you know that we are holding a Reading Together event for KS2 parents and children.

On Friday 19th June - starting at 2:00pm in the hall.

We are holding the meeting so that we can share with you the importance of reading with children and the benefits that it has for them. There is evidence to suggest that there is a positive link between the amount of reading a child does, including reading for enjoyment, and how well they do at school.

The event will include free activities for you and your child to join in with after the meeting linked to an amazing story that will be shared with your children.

We are delighted that Sarah Tipler will present a presentation on reading.

Sarah Tipler is a Senior Development Officer with the Local Authority and is part of the North Lincolnshire 'Words Count' strategy. We are sure that you will enjoy meeting her and her team and will gain much from this meeting.

To help us organise the event, please complete the below Microsoft form to let us know if you are able to make the event.
